The MassACT! Ballot Initiative Campaign aims to put health reform before Massachusetts voters on the 2006 ballot. We will mobilize a statewide network of individuals who support comprehensive health reform and collect at least 100,000 signatures from voters in order to meet the first requirement for inclusion in the ballot. The ballot initiative process will show legislators that Massachusetts residents demand affordable access to health care.

To do this, we need help from you! Please fill out the information below and mail it to the campaign office address listed on the bottom.
